

Albion Chairs has been supplying its quality, long lasting, heavy duty operator seating through its comprehensive UK dealer wide network since 1987.

If you need to find your nearest dealer, please call the office on **01494 464656**, or email us at **sales@albionchairs.com**.

Virtual Assessments

If you need a pre purchase **virtual workstation assessment** or any advice on home working, please arrange a call with one of our qualified assessors. We can help post purchase with set-up and installation advice too.

delivery charges

All order acknowledgements show the Monday of the week commencing date and we assess on the Monday whether we will make the delivery as a single chair in a box, as multiple chairs in a pallet or if there is enough volume to justify us delivering in person.

If we deliver to your premises, you will receive your delivery free as normal but there may need to be assembly. If we deliver in person the chair will be fully assembled. If we deliver in a box or on a pallet, the spindle and base will need to be assembled. (See page 51 for assembly details). If we deliver on your behalf to your end user it will be charged at £25/chair for a business address and £40/chair if to end user home address; the end user will have to assemble the spindle/base. If you are unsure please call the sales office to confirm your price. (See page 51 for assembly details)

quality and warranties

No. OF USERS	No. OF HOURS PER DAY	ANNUAL HOURS	WARRANTY PERIOD 10,000 HOURS
SINGLE	8	2,000	5 YEARS
2+	24	6,240	1.5 YEARS

All Albion swivel chairs are FIRA tested to severe contract use. Our warranty period is 10,000 hours. You will see from the grid how this translates into years.

For single occupancy - up to 120kg (19 stone) - using the chair for 8 hours a day, 52 weeks a year, the warranty will be for 5 years. If the chair is to be used in a 24-hour environment by up to 3 users, the warranty period falls to 1.5 years.

The Uni range models (UNI57, 67, 77, 87) use a heavier duty mechanism which allows for the same warranty period for weight in excess of 120 kg - up to 150kgs (23 stone) and also for multi user 24/7 applications, ie 5 and 1.5 years respectively. If you need to consider weight up to 190kg (30 stones) we can offer the Grande range with the same warranty period based on the same parameters.

fabric selector

Column	Camira
1	Citadel, Era, Gravity, Phoenix, Rivet, Target
2	Advantage, Aspect, Chateau, Main Line Plus, Manhattan, Manila, Quest, Replay, Sprint, Urban, Vita, X2, Xtreme
3	Main Line Flax, Nexus
4	Halcyon (Aspen, Cedar and Blossom), Hemp, Hi Tech(anti static), Kyoto, Mainline Twist, Oceanic, Sumi, Synergy
5	24/7 +, 24/7 Flax, Aquarius, Blazer; Intervene (Plain and Texture), Regent, Silk, Track
6	Craggan Flax, Deca, Yoredale,
7	
8	Synergy Quilt 170 (channel, chevron and hourglass), Vintage

In your capacity as dealers, we know you may not always be able to ascertain how a chair may be used exactly and by whom. It is best to try to ensure any proposal you make can genuinely meet the requirements of 'fit for purpose'. If in doubt, you can come to us and cover yourself with our OW option. The OverWork option (OW) shown in the Uni bespoke pages is an extended warranty insurance and can be specified to provide an extra year of cover for any of these chairs or where it maybe unclear how a chair will be used, namely working hours in excess of 10 hours up to 24/7, more than one person using the same chair, or users where the weight is not known but in excess of 150kg. If in doubt, please call us for advice.

If you do need to report a problem with a chair, it is better to provide photographs of the chair or parts in query and will make their resolution a lot more effective. We have been identifying our chairs with a warranty label since 1994. You will find this on the underside of our chair - usually on the mechanism. No warranty claims will be considered without this information. **NO LABEL NO WARRANTY.**

Fabric selector

Our main provider of fabrics is Camira Fabrics. Camira offer two faux leather alternatives (Vita and Manila) as well as a comprehensive selection of bull hides from their Vintage range. We can also provide options from Panaz or Chieftain for vinyls, PVC's and faux leathers as well as Yarwood, Bridge of Weir et al for leathers. Prices may vary depending on suppliers and metrages so please check with the sales office for any non Camira fabric requests.

Hospital friendly

If you need hospital friendly coverings the main choices are Camira's Vita, Manila, Halcyon and Intervene.

Sales@albionchairs.com, info@albionchairs.com or orders@albionchairs.com

Please ensure all orders are emailed to one of these generic email addresses because we all receive these emails. Personal emails only go to the addressee.

DISCLAIMER

We have developed different cutting patterns for our designs depending on the type of fabric; leather and vinyls need to be treated differently to regulation soft fabrics such as woolmix tweeds which in turn perform differently to the modern crepes. We will endeavour to cater for any differences as well as possible, but we cannot prevent the occasional ripple in some fabrics from time to time. If you would like our advice which fabrics perform better than others please feel free to ask.
