G+1

G+5

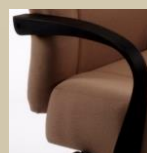

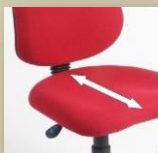

G+6

G+6HR

The GRANDE Range for up to 30 Stone (190kg) Users

Specifically developed for the taller and larger than average users of up to 30 stones (190kg), the GRANDE range has extra-large memory foam seats and backs, 2 way adjustable lumbar support, 6-way adjustable mechanism, heavy duty flexible PU arms with spring steel inserts or height adjustable arms.

- GRANDE provides optimum adjustable support and comfort for up to 30 stone (190kg) users; **all models have a 6 star (metal 5 star optional) base for increased stability.**
- **Extra-large memory foam** seat on G+1, G+2 and G+5 (with memory foam back)
- G+1 model has a **height adjustable headrest** for back height 800mm+
- G+2 model has an **integral flexi headrest** for back height 800mm+
- **G+5 high back** and **G+6 task back** will suit the less tall larger user, **optional headrest (G+6HR)**
- **G6 has memory foam seat and back.** Seat with optional coccyx cut out
- The ergonomic mechanism has an infinite locking forward tilt, independent back rake, seat height and depth adjustment, weight tension control and ratchet backrest height adjustment
- Tested by FIRA for severe and intense contract use
- **5 year guarantee for normal 8 hour average use** for up to 30 stone users
- **2 year guarantee for 24/7 multi user shift pattern use**
