UNI-EXEC High Back Ergonomic Executive Chairs

From our UNI range, the EXEC offers a choice of 6 high backs and the Heavy Duty (HD) three lever mechanism with seat tilt, adjustable tension control and ratchet backrest height adjustment. As with the UNI-contract choices, these chairs can be configured to your exact requirements: with a sliding seat, a two way adjustable lumbar**, a memory foam seat, coccyx cut out, a choice of height adjustable arms and a chrome or silver base.

- Tested by FIRA to BS5459 Part 2 Test Level S for severe contract use
- **Heavy Duty (HD) rated PCB and synchro mechanisms** also available
- Fully ergonomic and **exceeds all minimum VDU requirements**
- Seat height range meets the latest FIRA Ergonomics in Excellence Award
- **5 year warranty for 8 hour average use** by up to 23.5 stone (150kg) users
- Backs can be fitted with headrest if required
- **Wide choice of arms:** height adjustable/folding/retractable/multifunctional/swivel
- Optimal sized moulded seat with double waterfall front supplied with memory foam and/or coccyx cut-out if required
- Other seats available both for the taller and smaller user
- Seat height 430-550mm, footprint 700 x 700, overall height from 1000 to 1400mm

**The UNI12 back comes fitted with pivoting foamed lumbar
