

All-Rounder Back Care : SD6 for 24-7 Use

NSSD6

The **SD6** comes in one of two versions; with pelvic support (NSSD6) or without (SD6). The SD6 has 3-way adjustable pump lumbar, coccyx relief cut out and memory foam seat & back. It can be specified with or without headrest and new FA6 6 way adjustable foldaway arms.

SD6

Other ergonomic benefits include:

- **6-way adjustable forward tilting mechanism** with infinite seat and back lock which can adjust: seat tilt, depth, height, tension (weight) control, backrest height (ratchet) and tilt
- **4-way adjustable arms:** one for height, one for forward and back, one for locking swivel and width as well as optional upholstered arm pads
- **3 year guarantee for use** by up to 150kg/23.5 stone users in 24/7 situations
- **Other seat sizes and arms available** on request
