

V20 Tamperproof Student Swivel IT Chair

Gas Lift Height Adjustable for all age groups

Developed from the popular conference chair model V22, the V20 has a strong and rigid all welded heavy duty frame with a fully upholstered seat and fixed back on strong plywood board with tee-nut frame fixings.

With a fixed back and single lever gas lift height adjustment; the V20 is a strong, stable and comfortable student swivel chair ideal for IT or general classroom use.

The single lever gas lift offers minimum distraction for the student, the countersunk fixings combine to provide a tamperproof product.
